

# Mixology Signature Cocktail Menu

## 25-26 Season

For our Mixology packages we provide all the non-alcoholic garnishes and mixers for an initial supply of included cocktails dependant on your package. Additional pre-prepared (cut / squeezed / dehydrated etc) garnishes and mixers can be pre-ordered and are available at \$1.50 / per serve. Please note that you may require additional glassware for these where commercial glass washing facilities are not available). Due to liquor licensing restrictions we leave it to you to provide the alcohol for your selected cocktails which also enables you to use your retailer of choice and secure the best pricing! Our Bars team will work with you in the lead-up to your event to provide the required quantities of spirits and guide of glassware selection and volumes.

Have something else in mind? We are more than happy to accomodate cocktail requests. A small surcharge may apply for non-standard, special order or non-seasonal ingredients (mixers or condiments)
